# AQUAMARINE PE Monomaterial Airless System

**Pump Output:** 150mcl

## Filling Capacities:

- 15ml | 0.53 us oz fl
- 30ml | 1.01 us oz fl
- 50ml | 1.76 us oz fl

## Material:

- 100% Polyethylene (Monomaterial PE) - Certified
- Sugarcane PE Optional
- Fully Recyclable

## Ideal for:

- Natural and organic formulas
- Microencapsulated Formulas
- Challenging active ingredients
- Medium to High Viscosity Creams, Lotions and Gels
- Allows SPF 50+ Formulas
- Isododecane Resistant

**Diameter:** Ø28

**Heights:** 15ml | 81,50 mm  
(cap included) 30ml | 111,50 mm  
50ml | 156,50 mm

## Snap-On Pump

### Relevant Benefits:

- Extends shelf life "After Opening"
- High restitution rate - allows for total product usage
- Precise dosing
- FULLY recyclable packaging – No disassembling is needed for recycling
- PE spring – No Contact with the Formula
- Easy to fill

## DECO Customizable Options

- Silkscreen
- Hot Stamping
- Pad Printing
- Matte, Glossy and Spot Varnishing

**MADE IN EUROPE**
